Professional Profile

I am a computer science student looking to obtain an internship, co-op, or entry level position to further improve my skills as a programmer and learn skills for future use. I am very enthusiastic about learning new technologies and am willing to work hard to learn new things. I am committed to building my skills while also being able to work in a team environment.

Technical Skills

-Java	-HTML/CSS
-Javascript (ES6)	-Basic Bash
-MySQL	-Git
-Experience with Oracle VirtualBox
